3. PROFESSIONAL EXPERIENCE

Full Stack Developer Intern - MI Matdar

2025-02-01 to 2025-04-30 | Maharashtra

- Constructed a responsive frontend using React.js and Tailwind CSS, resolving UI/UX bugs and implementing lazy loading to optimize page load times.
- Built scalable backend REST APIs with Node.js and Express.js, boosting response time by 40%.
- Collaborated in Agile 7-member team with Vercel/Netlify deployment, 95% test coverage.
- Integrated MongoDB with schema design and query optimization, improving data retrieval by 35%.

Engineering Intern - Thales Group

2025-06-01 to 2025-07-31 | Noida

- Designed and deployed a Generative AI platform with Google Gemini and OpenAI APIs, embedding LLM capabilities into enterprise NLP pipelines.
- Formulated prompt templates and tuned inference processes to increase LLM output relevance by 30%.
- Produced a demo-ready capstone with technical documentation and cross-functional feedback integration.
- Conducted data analysis and model fine-tuning with Python and TensorFlow, reducing processing latency by 25% and supporting production-scale deployment.

AI Intern - Manipal Business Solution

2026-04-01 to 2026-06-30 | Noida

- Automated business workflows with Python, APIs, and Google Sheets, cutting manual reporting effort by 90%.
- Analyzed operational datasets and developed KPI reports to generate insights for leadership and process optimization.
- Refined conversational AI workflows through prompt optimization, intent validation, and response evaluation, increasing answer accuracy by 25%.
- Trained task-specific models on labeled datasets, error diagnostics, and performance benchmarking to strengthen output quality.

4. EDUCATION

Bachelor of Technology in Computer Science - Gautam Buddha University

Aug 2022 - Jun 2026

10th - Nirmala Convent School
